26.3.5 **Public Session** – None required

26.3.6 **Shropshire Councillor’s Report** (see website for full detailed report)

- **Highways:** Cllr Naylor updated the Council on the difficulties of getting pothole and surface repairs prioritised on local roads. He asked for examples of any local businesses which are suffering financially as a result of the poor condition of the roads. He is pushing for an investigation into the criteria for how repairs are prioritised.

Specifically on the repairs which had been scheduled for Longnor over half-term, he said that drainage repairs had to be undertaken prior to fixing the surface issues, this had taken longer than expected and now there is no timeframe for the surface repairs.

Action: Clerk to write to Stuart Anderson MP to highlight issue. Action: Clerk to write to Andy Oliver regarding number of issues and complaints. Action: Clerk to put article in next Village Views and on Facebook group on how to claim from Shropshire Council for damage to vehicles caused by potholes

- **Shirehall:** A decision on what to do with Shirehall had been deferred to June while Shropshire Council (SC) investigates potential investors to purchase the building rather than demolish it.

26.3.12 AGAR Assertion 10: there is a new assertion in the 2025/26 AGAR form regarding data protection, website accessibility and IT. The Clerk has attended GDPR training and has updated some GDPR policies for 2026 (see item 26.3.14). The website does not currently meet the required accessibility standards; Web Orchard is working on the back end to update accessibility, while the Clerk is working through the website to ensure all pdfs are accessible and where possible information is presented as html rather than pdf. However, it is likely that the website will not meet all the requirements and it may put undue burden on Parish Council to ensure the website is completely compatible. This will be clearly laid out in the Council's website Accessibility Statement.
